Please answer any 2 questions. Your answers need to be based on the text, but please do not duplicate. We appreciate original, insightful answers that reflect your understanding of the content. Each answer needs to be within 700-1000 words.

1. Based on your reading of the text, try to choose 3 most important aspects that need consideration before you open your own preschool. You need to be convincing in stating why these are the most important factors.
2. Imagine you are opening a pre-school. Project a blue-print of the school with the classrooms and all the relevant structures required (eg playroom/ restrooms/lavatories/play ground etc). Please mention (mark) the emergency outlets in case of a disaster situation in the school.
3. As a recruiter, what are the qualities that you are looking for in a pre-school teacher? You need to mention at least five qualities and validate your answer with reason.
4. What do you think is the most relevant curriculum for a pre-school ? You need to clarify your answers with substantial facts and reasons.
